West Elmira Computers Museum
December 2019 Newsletter

Another hardware addition
The museum has added a 5-in-1 video game console.

December Museum Additions
(For games, and apps, see: http://www.wecmuseum.org/index.php?title=WEC_Museum_aquisitions)

December 25th: Hyperkin RetroN 5 5-in-1 video game console (supports Nintendo Entertainment System, Family Computer, Super Nintendo Entertainment System, Super Famicom, Game Boy, Game Boy Color, and Game Boy Advance cartridges.

With an adapter, it also supports cartridges for Game Gear and Sega Master System games and Sega Cards for SG-1000, SC-3000, and Sega Master System games.

The museum will add this adapter to the collection at a later date.

Work continues on updating wiki
Once again, work has continued steadily in updating the museum's online wiki with the museum's physical and digital inventory.

Work continues on sorting through the museum's inventory
As usual, as the wiki has been updated, work has also continued on sorting through the museum's inventory. More games and software have been found and have been added to the wiki.
