

West Elmira Computers Museum

June 2020 Newsletter

More hardware additions

The museum has added another classic computer.

May Museum Additions

(For games, and apps, see: http://www.wecmuseum.org/index.php?title=WEC_Museum_aquisitions)

June 1st: IBM AT 5170:

The museum has acquired the IBM AT motherboard with an 80286 processor, a disk controller, an IBM Model M keyboard, and a 20MB Seagate hard drive for the IBM AT 5170 case, which will restore the system close to its original configuration.

Museum Fundraiser for COVID-19 relief

The Coding for COVID fundraiser has begun. This is a game making fund drive with funds being raised through the West Elmira Computers Museum, with game development by museum president Jennifer McMurray's Cydoca Entertainment with support by Double Fine through use of their intellectual property.

90% of all donations will be split up evenly among Doctors without Borders, Direct Relief, and Action Against Hunger. The remaining 10% will go to the West Elmira Computer Museum.

To support the fundraiser, visit <https://donorbox.org/coding-for-covid/>

The West Elmira Computers Museum is a 501 (c)(3) charitable organization, EIN 83-2343976. Your contributions may be tax-deductible.

A Host Master Carol

A Host Master Carol is the first new game being developed during the Coding for COVID fundraiser. It features three versions of Double Fine's founder, Tim Schafer, in the past, present, and future.
